

INTRODUCING

MicroBarb™

The Only Low-Carryover Micro Bore Soft Tubing Connector

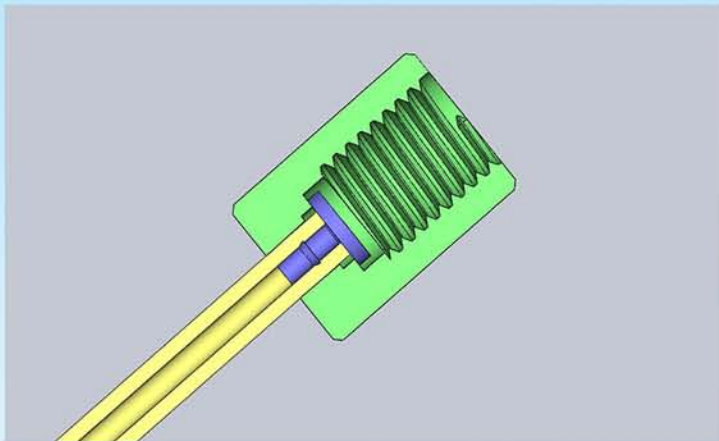

The **MicroBarb™** provides a low-carryover connection between flexible soft tubing and semi rigid tubing. The chemically inert PEEK™ connector is designed to grip the soft tubing ID & OD.

The MicroBarb™ is:

- **Easy to use**
- **Low-carryover**
- **Chemically inert**
- **Re-usable**

Great for
peri-pump
and pinch
valve
tubing!

The MicroBarb™ Accomodates:

- **All soft tubing materials**
- **Tubing IDs from .010" to .060"**
- **Tubing ODs from .062" to .156"**
- **Flat bottom 1/4-28 & M6 fittings**

Use the Guide on the back to determine the proper MicroBarb™ for your application

How To Determine the Proper *MicroBarb™* for Your Application

Specify ID & OD and Material **OR** Specify pump tubing color code

<i>Tube ID (mm)</i>	<i>Tube ID (in)</i>	<i>Description</i>	<i>Color Code</i>	
0.25	0.010	Orange / Blue		
0.28	0.011	White / Blue		
0.31	0.012	Red / Blue		
0.33	0.013	Brown / Blue		
0.36	0.014	Brown / Black		
0.38	0.015	Orange / Green		
0.44	0.017	Green / Yellow		
0.51	0.020	Orange / Yellow		
0.57	0.022	White / Yellow		
0.64	0.025	Orange / White		
0.76	0.030	Black / Black		
0.89	0.035	Orange / Orange		
0.95	0.037	White / Black		
1.02	0.040	White / White		
1.09	0.043	White / Red		
1.14	0.045	Red / Red		
1.22	0.048	Red / Grey		
1.3	0.051	Grey / Grey		
1.42	0.056	Yellow / Yellow		
1.52	0.060	Yellow / Blue
